SESSION DESCRIPTION:

This special session invites manuscripts focusing on the rapid evolving role of next-generation Artificial Intelligence (AI) in the domains of education and public safety. With advancements in the technologies of machine learning, natural language processing, cybersecurity and intelligent sensing systems, AI is increasingly deployed to enhance learning environments, ensure student engagement, and provide safety and security within schools, campuses, and public spaces.

The session aims to bring together researchers, educators, technologists, and policymakers to explore interdisciplinary approaches and propose novel innovative algorithms to AI development and deployment in these critical sectors. The researchers shall address the integration of ethical AI systems, human-centered design, and emerging innovations that further help in fostering safe and inclusive environments.

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- **AI for Personalized and Adaptive Learning**
- **Intelligent Tutoring Systems and Virtual Classrooms**
- **NLP Applications in Educational Chatbots**
- **AI for Campus Safety, Surveillance, and Threat Detection**
- **Predictive Modeling for Emergency Response**
- **AI in Mental Health Monitoring for Students**

- **AI in Student Engagement and Performance Analytics**
- **Ethical and Inclusive AI in Education and Public Services**
- **AI in Public Policy and Social Welfare Systems**
- **Human-AI Collaboration in Education and Safety**
- **AI for Accessibility and Assistive Technologies**

SUBMISSION PROCEDURE:

Researchers and practitioners are invited to submit papers for this particular theme session on "**Next-Gen AI Applications in Education and Safety**" *on or before* **[30th May 2025]**. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at https://www.icain-conf.com/downloads. All submitted papers will be reviewed on a double-blind, peer-review basis.

NOTE: While submitting a paper in this special session, please specify [Session Name] at the top (above paper title) of the first page of your paper.
